## As-Needed Archaeology Resource Monitors

Req: 23-01

RECON Environmental is a small company of specialists representing one of the most established environmental consulting service firms in the Southwest. We are employee-owned and hard-working, but with a casual and collaborative work environment. We offer the right candidate a team-oriented, caring environment that is client-focused, flexible, and always striving to provide high-quality service to our clients.

We are currently looking to add part time/seasonal employees for on call assignments in the San Diego area to provide construction monitoring and survey/excavation assistance in the field of archaeology.

The Resource Monitor will primarily conduct on-foot field survey and excavations, complete appropriate field survey notes, excavation level notes, plan view and sidewall drawings, and other field duties. Will work independently while performing construction monitoring and identifies features. May also be required to assist in the lab or perform data entry tasks in the office.

### Knowledge and Requirements

- Bachelor's degree in Anthropology, Archaeology, History, Architecture, or a related field.
- Minimum of two years of directly related experience.

Salary: \$22.00 – \$28.00 per hour. No benefits.

RECON offers a casual and friendly work environment.

RECON is an EOE/Minority/Female/Disability/Vets
